

NCP Membership Group

April 6, 2017

Been too busy to renew your 2017
National Compliance Professional (NCP or NCP-E) membership?

Don't worry... there is still time!

We get it. Life in the trenches is hectic and your responsibilities endless.

But... here are just some of things you are going to miss out on if you don't take a moment and get yourself renewed...

- **Important Industry Updates:** As a member of the NCP Membership Group, you are kept abreast of all the latest rule-changes and State Agency opinions through our Industry Updates. Without this information, you can't successfully run your properties and ensure compliance.
- **Short & Concise News Updates:** We weed through the piles of industry information paring it down to the items of importance and keeping it short & concise.
- **Rule Changes:** If any rules are introduced or change, we will translate them so you don't have to read through pages of regulatory code.
- **Actual Regulations:** We will also share the links to the actual regulations so you can communicate with your co-workers, investors and State Agencies.
- **Annual Conference:** Every year we hold our annual industry event where you we discuss the latest news and information, important tips & techniques on difficult compliance & management situations and the latest from your State Monitoring Agencies and provide you with the opportunity to connect with your industry peers. This year's event is in Madison, WI.
- **Special Discounts for the NCP Conference:** Current NCP members are able to attend at fantastic discounts not available to non-members receiving as much as \$300 off the non-members price!!

Beyond these lost benefits, you also have to think about your professional development and all of the hard work you have put into earning your NCP.

**Quite frankly...
it is time to put YOU first!**
